

Activities Report on
LinkSCEEM- SESAME outreach at Balqa Applied University (BAU) Scientific Day

BAU, Amman, Jordan
Wednesday, 27 April, 2011

SESAME has presented a talk about linkSCEEM project and the HPC opportunities for Jordanian researchers at Balqa Applied University (BAU) \ Scientific Day, theater of Amman University Collage.

Our activities were:

- LinkSCEEM-SESAME Presentation by Mostafa Zoubi.
 - The talk covered the topics: SESAME-LinkSCEEM overview, LinkSCEEM and HPC opportunities, HPC Solutions and the availability of HPC resources for scientific research in the region.
- LinkSCEEM-SESAME posters were pasted in different places across BAU \ theater of Amman University Collage.

The feedback of the audience was very valuable and focused on the HPC opportunities which can help the researchers in different fields and applications.
