

Medici Development

Luigi Marini

National Center for Supercomputing Applications
University of Illinois at Urbana-Champaign

Resources

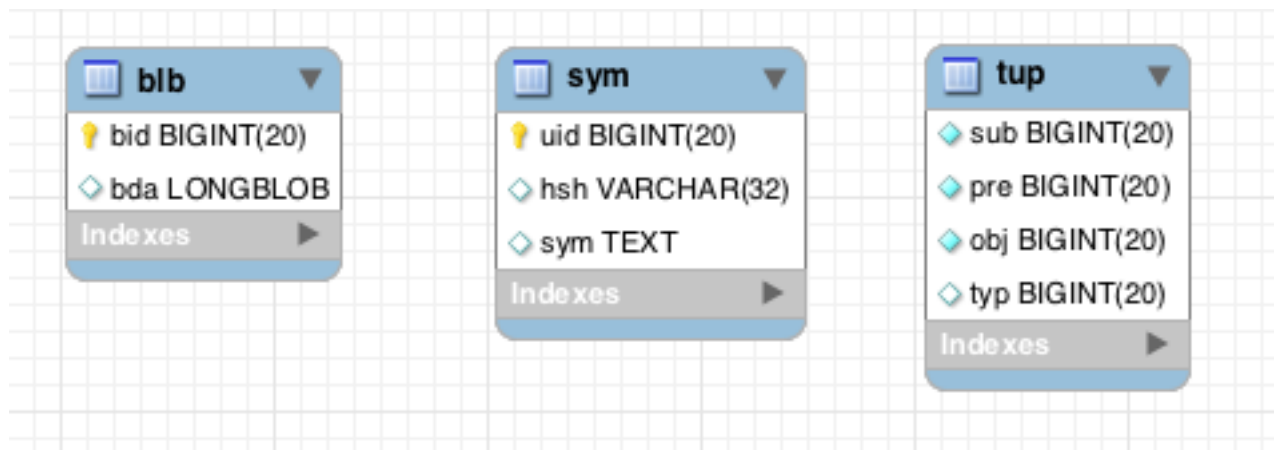

- Source code in svn
 - <https://opensource.ncsa.illinois.edu/svn/mmdb>
- Bug tracking with Jira
 - <https://opensource.ncsa.illinois.edu/jira/browse/MMDB>
- Wiki
 - <https://opensource.ncsa.illinois.edu/confluence/display/MMDB>
- Mailing list
 - Send message to majordomo@ncsa.illinois.edu with body
 - subscribe medici-users@ncsa.illinois.edu
- Any other questions please send email to
 - medici@ncsa.illinois.edu

IDE

- Web Application
 - Eclipse for Java Development
 - GWT plugin
- Extractor / Desktop
 - Eclipse for RCP Development
 - Buckminster

Database

Storing RDF in Mysql using Tupelo

Adding Extractors

- <https://opensource.ncsa.illinois.edu/confluence/display/M MDB/Creating+New+Extractors>

Adding Previewers

- See `edu.illinois.ncsa.mmdb.web.client.ui.preview`
